Subject: Big Belly Trashcan Relocation

Hello good afternoon Joe Albrecht my name Rodolfo Martell and I am currently working for the Los Angeles Department of Transportation as a Transportation Engineering Associate I with the Transportation Engineering Associate III Austin Kano. We are currently working on the LANI- Highland Park Project and would like for your assistant on relocating A Big Belly Trashcan located on the corner North West on the intersection of N 57 Ave and Figueroa.

Thank you for the phone call and for clarifying the procedure of how to relocate the trashcan. I will try to contact Jose Rodriguez from the Council District on Figueroa to get him on the loop as you mention. Also, I will contact street services just to make sure we are in compliance with the new location of the trashcan. As you mention, is a double trashcan, it will be \$500 to relocate. Also you mention, we can take the option of the city moving it.

I will discuss and present this information to the project Engineer Austin Kano. There is a probability that Austin will be back on the office until Wednesday September 13, 2017. I will let him know then.

I will send an email during the week for updates and to confirm **the date**.

Note: I would like to do the Field Check with Esteban and the Trashcan Markings with Joe on the same day.

Have a great day.

--

Sincerely,

Rodolfo Martell
